Erasmus+

Enriching lives, opening minds.

# Mreža prilika

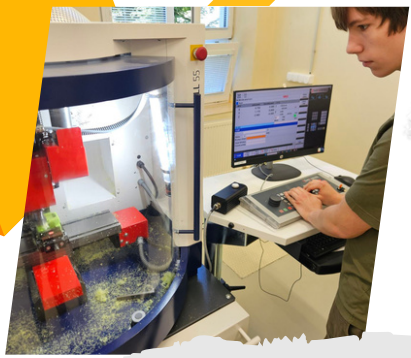

Strukovna škola Đurđevac

Co-funded by the European Union

The main activities of the Erasmus+ KA121 project **"Mreža prilika 2025"** were short-term and long-term mobilities of students and job shadowing activities for teachers of the Vocational school Đurđevac.

**The goal of student mobilities** was to carry out professional practice in companies and partner schools in Spain, Slovenia, Poland and Slovakia, which was aimed at raising the professional competences of students for their competitiveness on the labor market, which is changing rapidly and requires specific knowledge and skills to perform certain jobs.

**The goal of teacher mobilities** was to familiarize with good practice examples in teaching work in partner schools in Spain and France, to improve teaching skills and to acquire new knowledge in professional areas.

**In addition to the above, students and teachers improved their communication, organizational and language skills and got to know the culture and history of the regions and countries they visited during mobilities.**

# Long-term mobility of students (ErasmusPro) in Murcia (Spain)

Period of realization: **30th June - 1st October 2025**

Partner organization:
**Boisolo Industrial Solutions, s.l.**

Participation of 2 students and teacher Marina Pejić as an accompanying person during first days of mobility.

Field of professional practice:

**computer technician** – installation of industrial sensors, setup of machine learning systems, installation and configuration of a web server based on Raspberry Pi, development of Python scripts for data collection and processing, visualization of data from the production process through a web interface

"The experience from the internship will help me approach future tasks and projects with more confidence. I can apply the acquired skills and knowledge in school assignments, group work, and future employment." **(Petar Domović, 4th grade, computer technician)**

"The advantage of this type of internship is the opportunity to work in a real work environment and get to know how a foreign company works. I gained practical experience in the field of microcontroller programming, working with network protocols and data processing, which significantly expanded my technical knowledge. In addition, working in an international environment allowed me to improve my communication skills in English and develop independence in my work." **(Patrik Novogradec, 4th grade, computer technician)**

# Professional practice of students in Olimje (Slovenia)

Period of realizatiom: **17th - 28th November 2025**

Partner organization:
**Jelenov greben PTC d.o.o.**

Participation of 8 students and teacher Zvjezdana Smes as an accompanying person.

Fields of professional practice:

**cook** - food preparation and processing tasks, preparation of traditional local dishes and desserts

**waiter** - preparing hot drinks, taking orders and serving guests

**CNC operator** - drawing preparation and processing by cutting and engraving on a laser machine

**carpenter** - manual and mechanical processing of materials for the production of wooden objects, furniture and souvenirs

# Job shadowing in Los Llanos de Aridane (Spain)

Period of realization: **19th - 30th January 2026**

Partner organization:
**IES José María Pérez Pulido**

Observation and active participation in the preparation of classes in car mechatronics profession.
Participation of car mechatronics teacher Dinko Erdeljac.

„Observing the teaching work at the partner school has given me insight into new and different approaches to teaching compared to those I have applied in my own teaching so far. Primarily, it is about a greater emphasis on practical work of students during their internship at the school, which I could apply in the modular teaching of automotive mechatronics at our school.“ **(Dinko Erdeljac, car mechatronics teacher)**

# Professional practice of students in Los Llanos de Aridane (Spain)

Period of realization: **19th - 30th January 2026**

Partner organization:
**IES José María Pérez Pulido**

Participation of 8 students and teacher Marina Pejić as an accompanying person.

Fields of professional practice:

**computer technician** – Python programming, configuration and security settings of computer networks, fault detection and computer assembly, network operating system setup and database management

**car mechatronics mechanic** – adjusting the fuel supply and injection systems on internal combustion vehicles, disassembling the cylinder head and camshaft, and testing the brakes on a hybrid vehicle

# Professional practice of students in Wrocław (Poland)

Period of realization: **19th - 30th January 2026**

Partner organizations:
**Vacuum Sp. z o.o. Sp. k.**
**ALSC Sp. z o. o.**
**Król Schabowego Sp. z o.o.**
**M3 GROUP Sp. z o. o.**
**Salon Fryzjerski Gold**
**Złoty Pilniczek**
**ZAE Sp. z o. o.**

Particpation of 25 students and teachers Melina Lopar and Ranko Dorčec and teaching assisstant Gordana Špoljar as accompanying persons.

Fields of professional practice:

**mechatronics technician** – wiring and connection work for industrial installations

**computer technician** - IT support, network installations and cloud solutions and services

**heating and air conditioning installer** – installation of ventilation systems in buildings

**electronic-mechanic** – production and testing of LED lighting

**cook** - preparation of traditional Polish dishes

**beautician** – pedicure and manicure procedures

**hairdresser** - hair cutting, washing and blow-drying, making curls and strands and other hairdressing services

# Job shadowing in Péronnas (France)

Period of realization: **10th - 13th March 2026**

Partner organization:
**AFPMA Apprentissage**

Observation and active participation in the preparation of classes in areas of industrial automation, maintenance of industrial plants, additive technologies and management and organization of work in logistics centers.
Participation of electrical engineering teacher Slavko Majstorović and transport and logistics teacher Ivan Grgačić.

# Preparatory visit in Pombal (Portugal)

Period of realization: **10th - 12th March 2026**

Partner organization:
**Agrupamento de Escolas de Pombal**

Visit for the purpose of arranging group student mobility.

Participation of teachers Dejan Rakijašić and Josip Dolček.

# Professional practice of students in Murcia (Spain)

Period of realization: **4th - 16th May 2026**

Partner organization:
**IES José Planes**

Participation of 8 students and teacher Davor Čižmešinkin as an accompanying person.

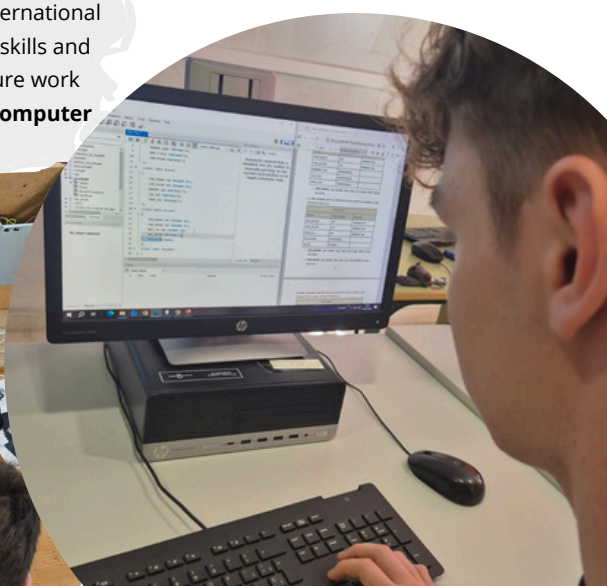

Field of professional practice:

**computer technician** – application of sustainable software and IT infrastructure practices, administration and monitoring of operating systems, configuration of development environments and local computer networks, application of security procedures in the management of storage and data integrity

"The knowledge gained from working with databases, network infrastructure and web technologies is directly applicable in further education and future employment in the IT sector. The experience of working in an international environment has improved my communication skills and self-confidence, which will be useful in any future work environment." **(Matej Bratanović, 3rd grade, computer technician)**

# Job shadowing in Murcia (Spain)

Period of realization:
**4th - 16th May 2026**

Partner organization:
**IES José Planes**

Observation and active participation in the preparation of classes in electrical engineering and computing sector.

Participation of electrical engineering and computing teacher Nikolina Ivanušec.

„During the mobility, I improved my digital, pedagogical and organizational competences through collaboration with teachers from the partner school and participation in various forms of teaching. I gained practical knowledge about using various software tools for monitoring and managing students' work on computers, which allowed me to better understand the organization of work in the IT classroom and the application of digital tools in teaching.“

**(Nikolina Ivanušec, electrical engineering and computing teacher)**

# Professional practice of students in Galanta (Slovakia)

Period of realization: **4th - 15th May 2026**

Partner organization:
**Stredná odborná škola technická, Galanta**

Participation of 8 students and teachers Željka Tomrlin and Dinko Erdeljac as an accompanying persons.

Fields of professional practice:

**locksmith** – manual metalworking procedures, thread cleaning, drilling, welding, position marking and manual straightening, use of 3D welding simulators for $C0_2$, TIG and arc welding procedures

**car mechatronics mechanic** – tire assembly, disassembly and balancing, wheel alignment check, car headlight adjustment, disc misalignment measurement, front and rear disc replacement, wheel alignment, alternator repair, exhaust welding and small car service

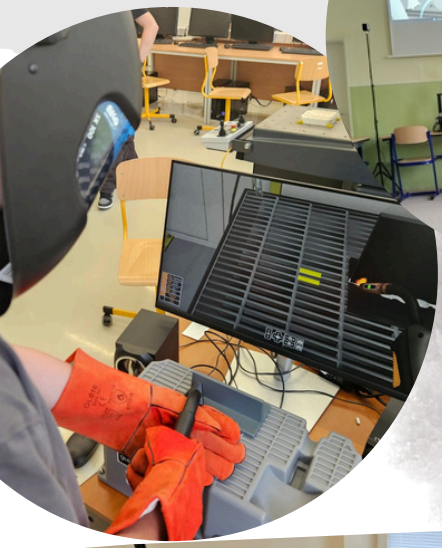

# Professional practice of students in Partizánske (Slovakia)

Period of realization: **8th - 19th June 2026**

Partner organization:
**Stredná odborná škola Jána Antonína Baťu, Partizánske**

Participation of 10 students and teacher Vjekoslav Tomrlin as an accompanying person.

Field of professional practice:

**mechatronics technician** - application of mechatronics through virtual reality technologies, control of pneumatic and electropneumatic systems, programming of PLC devices, use of 3D welding simulators, basics of CNC machining

**Project title:**
Mreža prilika 2025

**Lead beneficiary:**
Vocational school Đurđevac
Dr. Ivana Kranjčeva 5, 48350 Đurđevac
Tel. 048 812 223
E-mail: ured@ss-strukovna-djurdjevac.skole.hr
http://ss-strukovna-djurdjevac.skole.hr

**Project duration:**
1.6.2025. – 31.8.2026.

**Grant amount awarded:**
191.728,00 EUR

**Partner organizations:**
Boisolo Industrial Solutions, s.l., Murcia (Spain)
IES José Planes, Murcia (Spain)
IES José María Pérez Pulido, Los Llanos de Aridane (Spain)
Jelenov greben PTC d.o.o., Olimje (Slovenia)
AFPMA Apprentissage, Péronnas (France)
Agrupamento de Escolas de Pombal, Pombal (Portugal)
Stredná odborná škola technická, Galanta (Slovakia)
Stredná odborná škola Jána Antonína Baťu, Partizánske (Slovakia)
Vacuum Sp. z o.o. Sp. k., Wrocław (Poland)
ALSC Sp. z o. o., Siechnice (Poland)
Król Schabowego Sp. z o.o., Wrocław (Poland)
M3 GROUP Sp. z o. o., Wrocław (Poland)
Salon Fryzjerski Gold, Wrocław (Poland)
Złoty Pilniczek, Wrocław (Poland)
ZAE Sp. z o. o., Wrocław (Poland)
